License Agreement / NMP Web+ Software

License governing the use of MICROSENS Network Management Software ("NMP") by the customer ("Licensee").

By installing, copying, or otherwise using NMP, the Licensee agrees to be bound by the terms of the license agreement. If you do not agree to the terms of this agreement, do not install, copy, or use NMP.

License

MICROSENS hereby grants the Licensee the following non-exclusive, non-transferable right to use NMP with the following limitations:

1. NMP is licensed, not sold. Licensee may install and use one copy of NMP on a single computer, and except for making one back-up copy of NMP, may not otherwise copy NMP. This License of NMP may not be shared or used concurrently on different computers.
2. NMP is licensed as a single product. Its component parts may not be separated for use on more than one computer, nor otherwise used separately from the other parts.
3. Licensee may not rent or lease NMP to someone else.

Warranties

NMP and any related documentation are provided "as is" without warranty of any kind, either express or implied, including, but limited to, the implied warranties of merchantability or fitness for a particular purpose.

The entire risk arising out of use or performance of NMP, including, but not limited to, damages for loss of business profits, loss of data, business interruption, loss of business information, or any other pecuniary loss, remains to the Licensee.

Reverse-Engineering, Decompilation, and Disassembly

You may not reverse-engineer, decompile, or disassemble the NMP software, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation.

Copyright
